

ELEGANCE - SUSTAINABILITY - UNIQUENESS

goldenberry

2023 FULL RANGE PRODUCT CATALOGUE

We're Natalie and Paul Sun, and our passion for art and design led us to set up Gingko Design in 2011, the same year we were married.

We believe that good design should be simple but elegant, sustainable but unique, functional but also long lasting - This philosophy has inspired us to create our innovative and stylish designs that have won a number of international awards. We have now become a leader in the premium design-led home and gift sector in the UK.

Using the latest technology and a fresh, modern approach, we bring elegance and practicality together in a seamless and sustainable way, enabling us to create lighting, accessories and timepieces that will bring something truly special to your home.

So why Gingko? We get asked this a lot! The gingko biloba tree is one of the oldest in the world, beautiful when the leaves turn golden in autumn, and used for making herbal recipes and teas for hundreds of years. When we set up our company, we wanted to design and craft products that echoed these qualities; longevity, beauty and a practical use.

We're based about 5 minute drive outside of Warwick town centre in Warwickshire, Shakespeare's county and we feel proud of what we have created and we know that you will feel the same pride in selling and owning our beautiful products.

Our Story

With our big thanks to the support from all our customers

Dragonflight

Balance Light

Available in a choice of maple or walnut, the Dragonflight Balance Light has energy-efficient LED light hidden under the wings. Taking the style and innovation that have become a signature of Gingko Design's products.

The Dragonflight Balance Light is perfectly balanced atop a cylindrical base where it can be kept stationary or rotated slowly to inspire awe and transform your perspective on lighting forever.

A hand in a green sweater holds a dark wood bird-shaped object. The bird has a long, thin beak and two large, flat wings. The object is being held in a way that demonstrates its balance. In the background, there are books on a table, including one titled "Financial Street".

It balances perfectly on any surface

Dragonflight Balance Light

Smart Moon

Lamp

With this extraordinary levitating Smart Moon Lamp from Gingko, you could light up your whole world .

This gravity-defying moon lamp seems to magically 'float' above a natural wood block and slowly rotates just like the real elliptical orbiting moon.

Made with safe PLA material, this 3D printed full moon even has a textured surface just like the moon's own craters and glows an ethereal-like light as it emits its cool white light. Suspended by a strong built-in magnet it creates a fascinating and life-like illusion of the real thing.

SmartMoon Lamp

Technical Features

- Product Material: walnut, black or white ash wood base with PLA3D printed moon -

Smart Galaxy Lamp

Witnessing the stars and the Milky Way Galaxy in the night sky away from the cities is a surreal experience we rarely have the opportunity to enjoy. We all love looking at the stars and admiring their beauty in the night sky, but it is impossible with all the light pollution and cloudy night skies in the cities.

This is where our Smart Galaxy Lamp comes in.

The Smart Galaxy Lamp features a textured surface galaxy globe rotating slowly above the black wooden base. Powerful built-in magnets suspend and slowly rotate the sphere mid-air, creating a stunning visual for you to behold.

Enjoy, relax and unwind...

Smart Galaxy Lamp

Technical Features

- Product Material: black wood base with PLA3D printed galaxy globe -
 - Wood base size:120x120x30mm or 4.72" x 4.72" x 1.18" -

 - Packed in a premium gift box -

G030BK - Black

A photograph of the Smart Baton Light, a wall-mounted lamp. It features a dark, cylindrical wooden handle with a small circular detail near the top. The handle is attached to a circular black base mounted on a light-colored wall. A vertical, frosted acrylic diffuser is attached to the bottom of the handle, emitting a warm, yellowish glow. The background is a blurred wooden surface.

Smart Baton Light

Gingko Design's innovative, stylish, smart, and sustainable design practices find the perfect combination in the form of the Smart Baton Light. Elegantly designed in the shape of a cylindrical baton, the frosted acrylic light comes with a wooden handle made using your choice of ethically-sourced natural walnut, white ash, and black wood.

Emitting a warm and radiant glow softened by the frosted acrylic diffuser housing, the Smart Baton Light is the perfect addition to any household as a decorative work of art and a sophisticated lighting solution. The Smart Baton Light comes with a wooden base that you can install on a wall. Attach the Smart Baton Light through a magnetic wall-mount to connect it to the base, instantly turning it into a wall light from a handheld torch.

Smart Baton Light is an absolute stunning design that can fit in any space for any lighting purpose.

The Gingko Smart Booklight collection is certainly a great additional piece of art to any home; when closed, this Smart Book Light masquerades as a laser-cut wooden/leather/linen fabric 'book' (depending on the collection material), but when opened it transforms into a sculptural light emitting a wonderful ambient warm white light through the pages.

The beautiful, exquisite design opens to a full 360 degrees with cleverly concealed magnets and the lovely soft touch Tyvek pages are tearproof and water-resistant and are lit by long-lasting LED lights. Inside the laser-cut wood or leather cover lies an interior lamp body made from durable, water-resistant Tyvek "pages" containing high-performing LEDs.

- 17 x 21.5 x 2.5 cm (large size when closed)

Inspired by the shape of an accordion, the Gingko Smart Accordion Lamp is a must-have home accessory for any room. To open it, simply pull it as you would play an accordion, and it will instantly transform into a sculptural light emitting a wonderful ambient warm LED light through the accordion-shaped pages.

Close it and open it again, and it magically changes to cool white LED light instead of warm light as before; when it's fully closed, it becomes a laser-cut wooden hexagon display object. This aesthetically pleasing design has a magnetic cover on both sides, so you can open it to a full 360 degrees. You can also connect it to as many units as you wish to create your own piece of sculptural art.

The smart design reflects our design ethos of creating stylish yet functional, modern but great sustainable design.

Smart Accordion Lamp

With the SmartAccordion Lamp, you can always create your own forms of light art. Be inventive and inspired!

A photograph of the Octagon One Desk Lamp. The lamp has a wooden base with an octagonal cross-section and a long, thin wooden arm that extends upwards and outwards. The arm is illuminated from within, creating a soft glow. The lamp is placed on a dark surface. In the background, there is a vase with dried flowers and a striped cushion.

Octagon One Desk Lamp

Modern and innovative design uses simplicity and minimalism in an elegant form. Gingko Design's Octagon One Desk Lamp is the perfect culmination of form and function. At first glance, the Octagon One Desk Lamp looks like a modern art statement piece with its unusual proportions. A simple gesture to touch the control button built on the base instantly turns it on to emit a soft and illuminating glow pleasing to the senses.

Made using high-quality aluminium, the Octagon One Desk Lamp features a high-quality finish that makes it look like natural wood or marble that you cannot tell unless you touch it. It features an in-built rechargeable li-ion battery with 1,800mAh capacity that powers 36 LED beads cleverly housed behind a frosted acrylic diffuser in the light, giving you the option of four brightness settings.

Octagon One is a purposeful yet organic design, as well as a warm addition to any desk or office space.

Smart Vase Light

Often the simplest of design creations can make the biggest impact and the brand new Smart Vase Light from us is a great example.

The Smart Vase Light is a stunning and beautiful paper oval-shaped table light and it can certainly create the perfect centerpiece for your home or office space.

Cleverly hidden inside is a heat and water-safe tube for filling with your favourite flowers. Made with special heat-safe and waterproof Tyvek paper that emits a warm ambient light from within, the fan-like design can also be folded for easy storage.

The Simplest design makes the greatest impact

Living, inspiring and exciting ...

Smart Vase Light

- Power source: 2000mAh Li-on chargeable battery -
- Product Size: 85x215x35mm (when closed) or 200x 215mm (when opened in an oval vase shape) -
 - Product Weight: 400g -
- Packed in a premium gift box -
- USB charging cable and **Water Tube Included** -

G018BO- Japanese Bamboo

G018WT- American Walnut

Nothing is more inspiring than a blank sheet of paper. A line appears, it takes shape, it then filled with life and turns into an artwork. A vision becomes tangible and becomes a contemporary and fascinating design. The Gingko RSpace Lamp comes into being.

The Gingko RSpace Lamp is a perfect example of contemporary form. The R-shaped body simply looks like a 3D R when it's closed, but when it opens, it transforms itself into an elegant and stunning lamp emitting a delightful soft warm or cool white LED light (two light colour options) through this water-resistant and tear-proof lantern made of Tyvek papers. The Gingko RSpace Lamp, a unique and functional design, but also a piece of art.

R Space Lamp

A line appears, it takes shapes;
a vision becomes tangible, it turns into a design.

RSpace Lamp

A cylindrical wooden speaker with a glowing light on one end, resting on a dark fabric surface. In the background, a laptop is open, displaying a nature scene on its screen. The scene is dimly lit, with the speaker's light providing a warm glow.

Technology has moved on...we no longer simply need a speaker that can play our favourite tunes with a decent sound, we now also want it to be aesthetically pleasing, simple and fun to use. And, most importantly for our environment, sustainably made. Here at Gingko, our audio collection, especially with our brand new DRUMLight Speaker, it will meet all of these desires.

Sustainable Audio Collection

- Drum Light Bluetooth Speaker - [page 67](#)
- Tumbler Selfie Speaker - [page 70](#)
- MI Square Speaker - [page 73](#)
- Mini Halo One Speaker - [page 76](#)

Immaculate design, versatility, and an incredible audio-visual experience culminate in forming the Gingko Design Drum Light Bluetooth Speaker. You stand this cylindrical device on one end, and you get a beautiful and stylish light. This is perfect for use as a mood light and proper illumination with two lighting intensity modes.

Stand it on the other end, and you get a compact and powerful Bluetooth speaker. Connect it with another Drum Light Bluetooth Speaker to get an incredibly rich auditory experience—a powerful through stereo sound with True Wireless Pairing. The device is made using FSC-certified natural wood and is available in maple, bamboo, or walnut. The beautiful wooden casing comes with a detachable vegan leather lanyard perfect for hanging it up for bedtime reading or creating a welcoming and warmly-lit environment.

Design Led Clock Collection

We're all guilty of being slaves to time. But with our design-led clock collection, at least you can be a slave to time with style!

Combining functionality with aesthetics, our clock collection will excite and impress. From our Gift of the Year Winner, the FlipClick Clock, to our best selling original Cube Click Clock, they're all enough to inspire you to take the time to browse.

Cube Plus

Clock

The Cube Plus Clock by Gingko Design exemplifies style, elegant design, class, and sustainable practices in the form of a clever and intuitive device. A clock, alarm, stop-watch, and countdown timer, the Cube Plus Clock is a marvel to look at with its precision-cut wooden construction. The raw wooden texture and perfection in its shape make it a beautiful ornament for your bedside.

The integrated alarm clock in the Gingko Design Cube Plus Clock features three sound options, namely forest bird sounds, sea waves, or rooster sounds. The alarm can be activated or deactivated by simply flipping the cube to its side. Laser-engraved touch control buttons allow you to easily switch between its different modes, and the sound-activated display preserves its battery. When deactivated, the display becomes

Flip Click

Clock

The UK Gift of the Year Award-winning FlipClick Clock changes your normal way of using an alarm clock. When nicely engraved alarm icon shows on top, it means your alarm is turned on, otherwise, it's turned off.

Made of natural wood material, the FlipClick Clock is super-easy to use. To set the time and alarm, simply touch the fine laser engraved buttons. When the alarm goes off, gently touch any of these engraved buttons on the top to snooze and to turn off the alarm, you can easily flip it over and the numbers will magically correct themselves to a normal display as well, keeping the same time and moving as accurate as before.

Touch any of these engraved buttons on the top to snooze and to turn off the alarm, you can easily flip it over and the numbers will magically correct themselves.

Simple, Smart, Stylish...

Edge Light

Alarm Clock

Inspired from the cutting edge of bamboo, the Ginkgo Edge Light Alarm Clock is very unique and a must-have edgy design. It's a smart and stylish space saving way to have a clock and a light at the same time either on your bedside or office table, or even simply fancy a nice travel light and clock.

When used as an alarm clock, this piece is very easy to use and set up thanks to its great ergonomic design. Powered by an in-built rechargeable battery (USB charging adapter lead included), the Edge Light Alarm Clock features two alarms with shake snooze and dimmable soft screen light, so you can see the time at night when needed whilst not disturbing your sleep.

To turn off the alarm, simply flip it over and it will instantly turn itself into a soft and stylish dimmable ambient light.

EDGE

Light + Alarms

Dimmable light
& dual alarms with shake snooze.

Timekeeping can be smart, clever, ultra-stylish, functional and simple with our cube click alarm clock. The original Gingko Cube Click Clock can tell you the time, date and temperature alternately in LED numbers on a wood grained or other finished cube block at the click of your fingers and automatically switches off when the room is quiet, lighting up again when the alarm goes off or as a response to a clicked finger or clapped hands.

The numbers seem to float on the lovely wooden block, but that's just half the magic of the cuboid with a conscience.

Small, but smart; simple, but clever.

Cube Click

Alarm Clock

Small, but smart; simple, but clever.

Cube ClickClock

Technical Features

- Display alternates between time, date and temperature -
 - Can set on permanent time display only -

We're all slaves to time, but now it's on your terms with these stylish BrickClick Clocks. Just click your finger or gently tap your bedside table and the time will appear and look like the time is magically floating on these lovely bricks. No longer does your room have to be illuminated by a constant blinking digital glow, nor do you have to fumble to find your smartphone in the darkness.

The BrickClick Clock can display the time, date and temperature alternatively or you can also set it on permanent time display like the cube. Best of all, due to its portable feature with an integrated rechargeable lithium battery, it can be placed wherever you like with no need to worry about too many wires around your room any more.

Analogue

Click Clock

This is the world's first ever analogue clock using a digital dot display.

Inspired by nature and the look of a traditional analogue clock face, the Ginkgo Analogue Click Clock is one of our simplest looking designs, with an ultra-stylish and contemporary look. The cutting edge and aesthetic design makes it stand out in any traditional or digital analogue clock crowd and it certainly catches people's attention no matter where you put it in your home or office.

Analogue ClickClock

- Product weight: 1200g

GK02G12 - Ash / Green LED

GK02W10 - Black / White LED

A close-up photograph of a wooden lighter with a brass top, resting on a wooden box. To the left, a glass of whiskey is partially visible. The background is dark, creating a moody atmosphere. The lighter has a natural wood grain and a polished brass top with a small square logo and the word 'naka' engraved on it. The wooden box it sits on is also made of a similar wood with a smooth finish. The glass of whiskey is filled with a golden liquid, and the light reflects off its surface.

Techand Gadgets Collection

Here you will find our gadgets and smaller technology led products. We'll be adding more of our fun, functional and stylishgadgets to thissection soon.

Now, we're very pleased to introduce our Flameless Element Lighter, a cool and luxuriouslymade lighter without a flame.

Not only smart in looks but smart in technology, the Flameless Element Lighter from Gingko Design is not your average lighter.

Disguised in a cigar-shaped tube with a real copper top, a quick blow gently reveals a completely flameless heated metal ring that burns to a high temperature. After a few seconds it automatically turns itself off and you can simply screw the lid back on and enjoy its exceptional quality and compactness.

Encased in a real natural walnut or white ash wood exterior and complemented by its gold metal top, this is a lighter with a smooth and luxurious feel. In a class of its own, it certainly gives you a whole new lighter experience and makes a perfect, stylish gift.
