Keep it cool with wool

KYWIE® wine coolers are the only 100% natural wine coolers designed to keep all drinks at an even temperature. These unique coolers are largely handmade in the Netherlands from a local breed of Texel sheep.

A special and original promotional gift that is also a sustainable and natural product.

Working with a naturally biodegradable material whilst also keeping the carbon footprint of production to an absolute minimum is an essential part of the KYWIE® philosophy.

Your everyday products made from plants

BE O Lifestyle develops reusable, everyday products made from plants. The sustainable products are strikingly beautiful and made to fit everyone's lifestyle. All BE O Lifestyle products are designed and made in the Netherlands and are 100% recyclable.

Circular&Co. - the power of circular design

The circular drinkware of the brand Circular&Co. is made from recycled single-use (coffee) cups and/or old PET bottles.

In the collection you will find the most beautiful reusable products: From beautiful, leak-proof cups with a unique design to stackable, circular returnable cups; the perfect alternative to disposable coffee cups. With these great eye-catchers, Circular&Co. is contributing towards a sustainable solution for global waste.

**Drinking solutions
made from recycled
stainless steel. Good
for people and the
environment**

Klean Kanteen puts people and the planet first. They make drinkware that does not pollute the planet and that offers a solution to live more consciously.

Independently certified, recycled stainless steel is used for the products. They are reusable, BPA free and designed to last a lifetime. In addition, they motivate people not to use single-use products.

Klean Kanteen is Bcorp certified; the highest international standard of corporate social responsibility, Climate Neutral certified and a member of 1% for the Planet.

Do you consciously look for sustainable products?
If so, choose Klean Kanteen!

Too beautiful to waste

A beautiful collection of high-quality textiles, made with a positive impact for people and the environment. The Oxious collection is produced according to the highest achievable ecological and social standards of Bcorp.

These beautiful, soft products are hand made by local women in a small village in Turkey. They work there in a social context, with room for growth and development. Pure enjoyment can begin with a product from the Oxious collection.

Walra®
Since 1873

Walra and sustainability go hand in hand

Walra bathroom textiles are an attractive addition to your bathroom. In this sustainable Remade Cotton collection, you will find high-quality products consisting of 70% recycled textiles. This helps to prevent waste on our planet. This bath linen is also wonderfully soft and absorbent. Sustainable and soft.

With the production of this line, an incredible amount of water is saved as well as CO2 emissions & energy. A great product for you to enjoy now and also for the next generation. You & Walra, taking care of the next generation.

Comfortable, 100% circular socks from the Vodde brand

The socks feature a cheerful, knitted winter design.

A logo and/or Christmas message can be knitted into the bottom of the sock in any colour of your choice.

The Dutch company Vodde, reuses discarded textiles to make new products. In addition, polyesters derived from PET bottles, nylon, fishing nets and other collected waste are also used. These socks use a 100% circular economy manufacturing process. By wearing these socks you are contributing to a sustainable world with less pollution.

Developed and tested in the Netherlands, produced in the EU.

You love the best natural cosmetics and scents

We Love The Planet was born out of passion and love for our world. This beautiful and luxurious collection includes a wide range of natural care products for both men and women as well as fragrance sticks and accessories for the home. These products only contain natural ingredients; a conscious choice.

We Love The Planet believes it is important to know what raw materials are in a product and where they come from. The starting point is therefore always the most sustainable and responsible solution.

Product Compliance

We make every effort to ensure the safety of our products.

- > Each product is assessed by a team of compliance specialists.
- > This team of compliance specialists stay informed of any changes in legislation and regulations to ensure the ongoing safety of our products.
- > Every risk product is tested and certified.
- > Certified testing agencies test products for quality, functionality and safety.
- > Internal Quality Control is in place for safety and functionality testing.
- > A declaration of conformity can always be requested for risk products.

Please contact us for current pricing and available stock levels. Subject to model changes, colour changes as well as printing errors. Fragile good such as stoneware and glassware are only delivered to EU countries.
