ACHIEVE YOUR

G O A L S

We have all had to adapt to encompass a more flexible working lifestyle with the balance between home and working environments less clear

It is more important than ever to select products that reflect our core values: style, quality, usefulness, compliance and sustainability. Following the latest trends we have included MagSafe chargers to keep you fast-charged and (desk)essentials to work remote the best way. In addition, we join forces with various A-brands to offer you the widest range possible.

As always, we are more than happy to help and advise with all your questions and inquiries. Let's take our challenges together in search of handy and functional gadgets!

KNOCK KNOCK

ARE YOU BUSY?

The Mr. Bio Lamp is more than a decorative item on your desk, this lamp with smart Control function informs your colleagues of your current status without having to say a word. The red light will let your colleagues know that you are busy; green, that you are available; and white, that you are in a good mood. To change the LED you simply knock on the table, and voilà! A fun and useful option that will brighten up your relationships at work.

White: **good mood**

Green: **available**

Red: **not available**

CRYSTAL CLEAR

CONFERENCES

Thanks to its compact design, you can easily take the wireless Xoopar Meetair Conference Speaker anywhere.

The Meetair is also great for listening to your favourite music.

Start a conference call wherever you are. The hidden cable has a dual input adapter for USB and USB-C. The speaker has two built-in microphones, so you don't have to worry about where you place the speakerphone. In addition, any ambient noises are suppressed, so you always have good sound. The Xoopar Meetair has a playtime up to 6 hours.

LET'S LEAVE SOMETHING WORTHWHILE BEHIND

WOOD
YOU
CARE

**Our earth is covered with 3,000,000,000 trees.
They provide amongst others oxygen production,
CO2 reduction and biodiversity**

WE HAVE AN ENORMOUS CHALLENGE...

The trees are being cut down at a rate of 29,000 per minute.
In 2020, that was one football field every 6 seconds.

THIS MEANS:

- Less CO2 in the atmosphere
- Degradation of the earth's ecosystem
- Less quality of life for us all

**Together
we want to
make the world
a little better!**

From the 1st of January 2022, the collaboration between WoodYouCare and Intraco will start and we will invest in the future by building our own Intraco forest!

In doing so, we will create a lasting positive legacy together with you in a tangible place, visible to all who wishes to follow.

This means that your purchase will make the world a little better by planting a tree in the Intraco forest. Through a unique code you can see exactly where your tree is planted, who manages the plantation or the farmer who takes care of it, how much you compensate and much more.

**PARTNER VAN
WOODYOUCARE**

*plant one.
give a lot.*

Please visit our website to see how this works and for further updates. We will keep you informed about the developments.

WOOD YOU CARE

plant one. give a lot.

PROMOTIONAL
TECHNOLOGY

Designed in France by
Eric Berthes, Bily is a
multifunctional lamp built for
your everyday adventures.
With its flexible cable and
USB-C connection and
adaptors, Bily can be plugged
into your smartphone,
computer, tablet or
an external battery.
Bily offers three light levels
to suit your different needs.
Once placed on its hanger
stand, Bily transforms into a
decorative designer lamp.

BRANDS

Brands are usually supported with their own consumer marketing campaigns, helping to increase the perceived value and brand appeal of their range. Their greater visibility in retail and online helps to establish a positive image with the consumer and so enhance the marketing campaign. Many items can be co-branded on the product itself, protective case, packaging or supplied as a gift without the need for additional branding.

Get in touch to find out more about individual ranges and how they could be suitable for your next campaign, incentive or reward scheme.
