Highly durable and long-lasting 100% recyclable Resistant to corrosion and rust Low environmental impact in its life cycle

Sustainability and Durability

Highly durable and long-lasting 100% recyclable Resistant to corrosion and rust Low environmental impact in its life cycle

Reduces plastic waste and land fill

Requires less energy and water in production

Utilizes plastic waste collected from oceans

Encourages recycling and waste reduction

Helps to clean up marine environments

Lower greenhouse gas emissions compared to virgin PET

Recycled ABS & PP (Acrylonitrile **Butadiene Styrene** & Polypropylene) Reduces the demand for virgin plastics Decreases landfill waste Reduces energy and resource consumption

Resistant to chemicals and moisture Reduces carbon emissions in the production process

We believe that true durability goes hand in hand with sustainability. By using recycled and recyclable materials, we extend the lifespan of resources and minimize waste. This eco-conscious approach aligns with our mission to be responsible stewards of the environment while creating enduring gifts.

Natural and abundant raw materials Long lifespan and durability Minimal chemical off-gassing Non-toxic and hypoallergenic

Rapidly renewable resource High growth rate and minimal need for pesticides Biodegradable and compostable CO2 sequestration during growth

Our carbon neutrality is fully traceable up to receiver with printing on packaging, QR code and order specific certificates
